The meeting began at 7:00. This was a special meeting to evaluate the Township's mission, goals, and objectives. Bruce Jensen, an outside consultant, facilitated the meeting. After a review and discussion of the survey that the Township Board members had taken, the board selected new goals for emphasis in the coming year. Some of the focus this year will go to examining health premium sharing among similar units of government in an effort to hold down costs and a continued effort to build a positive relationship with the Community Mental Health Board. The Board also plans to review and update the Personnel Manual and improve functionality, parking and accessibility, especially for seniors. The meeting adjourned at 9:08.
